

Message from Mrs Carlyle

Welcome back to all of our pupils and families – I hope you have all had a restful break and I know some of our families still have Eid to celebrate in the coming days!

We have a jam packed summer term ahead of us, starting with preparing for our coronation celebrations taking place on the 5th May. We have had assessment parents information meetings this evening for Years 2 and 6, and will be inviting other year groups in in the next two weeks!

I look forward to seeing many of you at drop off and pick up in much sunnier weather!

Mrs Carlyle

This week's assembly theme is...

Internet Safety

We looked at how the internet can be used safely and focused on what to do if you see, hear or experience anything online that makes us feel uncomfortable, sad or scared.

Pupils at KACP are encouraged to tell a trusted adult about anything online that worries them.

We have also added an online safety reporting tool to our pupil site which can be accessed by clicking on this icon at the top of the home page.

Parents and carers can find information and guides from different charities and organisations:

A Message from our PTA

Friends of KACP Annual General Meeting and nominations for committee members!

The Friends of KACP (officially Friends of CPLJS) annual general meeting (AGM) will be held on **Thursday 27th April** from **4:30 - 5:30** in the Junior school hall. Everyone is welcome to attend to find out more about what the PTA have been doing over the past year, as well as having your say on how the existing PTA funds can be used by the school for our children.

Would you like to become a Friends of KACP committee member?

The existing Friends of KACP committee members will be stepping down at this AGM, and we are currently inviting nominations for the following roles:

- Chair
- Treasurer
- Secretary.

Unfortunately, without these roles being filled, the PTA will not be able to continue the great work that it does to raise money for additional resources for the school, and facilitate fun and memorable activities for the children of Kings Academy College Park.

You can nominate yourself for one or more roles by filling out [this survey](#) by **Wednesday 26th April**: Roles will be assigned during the Annual General Meeting.

About your PTA

Since being set up in 2020, the PTA have done some wonderful things for the school including:

- Organising themed activities such as the Halloween trail
- Funding Christmas and year 6 leavers activities
- Purchasing coding equipment for infant classes and wet play games for the junior classes
- Organising second hand Christmas jumper and fancy dress sales
- Organising the year 2 leavers' tea towels, year 6 leavers' hoodies and Christmas cards.

What Parents & Carers Need to Know about

ROBLOX

Roblox is one of the most popular video games on the market. By 2020, the game's makers were claiming that more than half of children in the USA play it. As a 'sandbox' title, Roblox offers a huge amount of creative freedom; it lets players create their own gaming experiences with the Roblox Studio to build custom levels and games, which can then be shared with other players online. Roblox fosters creative thinking and enjoys a robust online community of fans.

PEGI RATING
7+

WHAT ARE THE RISKS?

CONTACT WITH STRANGERS

Roblox encourages players to communicate online (including a group chat facility). This could expose children to risks such as scammers, online predators, harassment, griefers and more. The in-game chat has some filters, but isn't perfect; players can still send harmful messages to others – such as general hostility – while predators can reach out to children directly.

PUBLIC SERVERS

Roblox has private or VIP servers which allow people to play exclusively with their friends, but this costs money. Most Roblox players will instead be on public servers that anyone can join. Servers can host games which focus on all kinds of aspects, including direct player interaction. Some games and servers, therefore, will put children more at risk of contact from strangers than others.

ONLINE DATERS

These are also called 'ODers' and are quite common in Roblox. An ODer is an individual who joins a game with the intention of finding someone to date online – and eventually meet in person. Such online dating is against the Roblox community guidelines, but this usually doesn't deter ODers. Some player-built Roblox game worlds have even been designed with online dating specifically in mind.

IN-APP PURCHASES

Roblox is actually free to download and play, but bear in mind that there are some hidden costs. Players are encouraged to make purchases in the game, for example, using real money. People can also buy extra Robux (the in-game currency) to spend on cosmetic items in the game, and some private or VIP servers also have a cost.

Advice for Parents & Carers

SET PARENTAL CONTROLS

Roblox comes with several parental control options, which are explained well on the game's official website. It's essential to enter the correct date of birth for your child, as that allows Roblox to automatically apply the appropriate chat filters. The game also allows parents and carers to set monthly spending restrictions and monitor their child's account.

DISABLE PRIVATE MESSAGING

Roblox's private messaging function raises the risk of children being contacted by people they may not want to speak with – potentially leading to bullying, harassment, toxicity and scam attempts. The game allows you to disable messages from anyone who hasn't been added as a friend on your child's account.

PRIVATE SERVERS

If your child has some genuine friends to play Roblox online with, paying for a private or VIP server decreases the risk of contact from strangers. Even then, however, some players could invite other people – who might not necessarily be child friendly – into the private server. If your child is a Roblox fan, it's important to talk with them regularly about who they are playing the game with.

MONITOR SPENDING

If they don't understand they're using real money, it's easy for children to accidentally spend a sizeable amount in the game. Using parental controls to place limits on their spending will help avoid any nasty financial surprises. Ensuring that you have two-factor authentication on your payment accounts also makes it harder for your child to spend money inadvertently.

DEALING WITH STRANGERS

At some point in their development, your child will need to learn how to deal with strangers online. Show them how to block and report any users who are upsetting them or asking uncomfortable questions. Talking to them about what's OK to discuss – and what they should never tell a stranger online – will help them understand how to communicate with other people online safely.
